

NCT Project Proposal

Proposal Submitted By: Your name

Background/Problem Statement

- Briefly explain the context and why this project is interesting to you.
- Highlight any problems or opportunities that the project addresses.

Project Description

- A detailed description of the project.
 - **Objectives:** State specific, measurable goals that the project aims to achieve.
 - **Overview:** Summarize the idea.
 - **Features/Functions:** Highlight the main technological aspects and capabilities.
 - **Scope:** Define what the project includes and excludes.

Target Audience and Expected Benefits

- Specify who will benefit from the project (e.g., club members, external participants, the community).
- Describe the benefits the project will bring to the club and its members; could be tangible (e.g., revenue, participation increase) or intangible benefits (e.g., skill-building, networking opportunities).
